

BRIDGIOT

Remote Intelligence and Control

How to add the web-app to your Home Screen (Android)

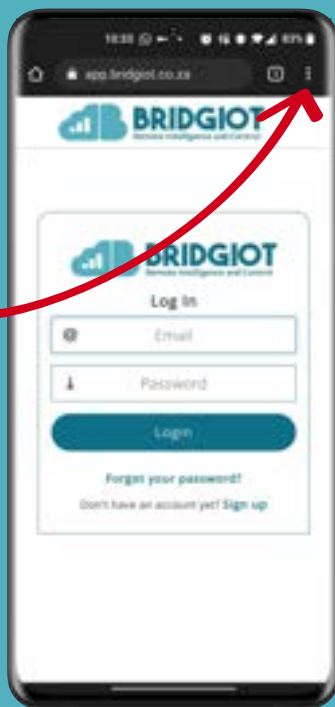

1. Log in

Go to app.bridgiot.co.za and log into your account using your email and password. (This manual is for the Google Chrome browser that comes standard with Android phones)

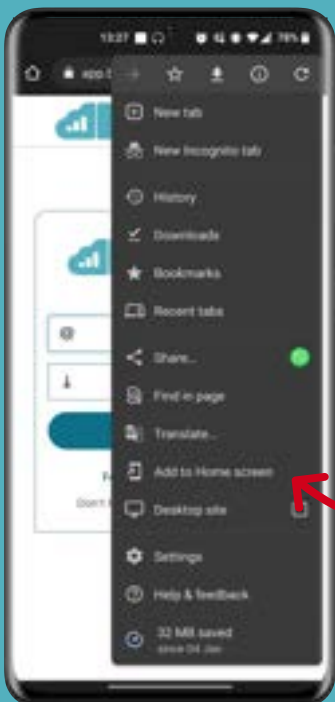

2. Click on the Menu button

At the top right of your screen you will find three vertically aligned dots. That is the menu button.

3. Click on "Add to Home Screen"

You will get a list of options. Click on the "Add to Home Screen" option.

4. Give your shortcut a name

You will have the option to name the icon that will appear on your home screen. Try a name that will make it easy to identify.

5. Click "Add"

After completing steps 1 to 4, you are ready to save the icon. Click on "Add" at the top right of your screen.

6. Go to your Home Screen

You will see the shortcut icon on your home screen with the name that you have given it. When you click on it, it will take you directly to your BridgiOT profile where you can view and manage your devices.
